As we go search- ing for our dreams____ We may not
Look out! The end is com- ing fast!____ We may not
As we go wander- ing through our lives____ As girls and

not- ice all is not the way it seems; Strugg- ling in the dark, as we lie a- wake at
not- ice 'til it reach- es us at last, Soon- er than we think, things un- fin- ished, still to
boys, as lov- ers, part- ners, hus- bands, wives; Look- ing for the path, hid- - den deep with- in our

night____ When ev- er- y mom- ent threat- ens ov- er- whel- ming fright;
do,____ Do our ac- comp- lish- ments de- fine us? Is that true?
soul____ That we can't find be- cause we're oh so far from whole;

And though we al- ways think we know____ We do not quite re- mem- ber where we have to
Or is it be- ing who we are?____ If we re- lax and let life live us, will we
And as res- ent- ment clouds our view____ Like thun- der clouds that hide from us the things we

go; Ev- en if we can, we won't know quite- what it means____ 'Til its foun- da- tion is played out in oth- er
star? Liv- ing on the edge, is that how it's meant to be?____ Or is it liv- ing love that is re- a- li-
knew; We must not give up, we must let go, we must grow____ And let our hearts take us where log- ic can- not

scenes We do not know____ We can- not see____ Lord, on- ly You
